OFFICE OF LITHUANIA

PUBLIC AUDIT REPORT

ASSESSMENT OF COMPLIANCE OF THE MANAGEMENT, USE AND DISPOSAL OF STATE BUDGET FUNDS ALLOCATED IN 2021 TO THE PUBLIC ESTABLISHMENT FOUNDATION FOR DISPOSAL OF GOOD WILL COMPENSATION FOR THE IMMOVABLE PROPERTY OF JEWISH RELIGIOUS COMMUNITIES

10 February 2022

No FAE-1

The main function of the National Audit Office of Lithuania is to supervise the lawfulness and effectiveness of the management and use of the State assets and the execution of the State budget. By providing audit observations and recommendations, the National Audit Office promotes positive and effective public audit impact on public finance management and control system and on public administration oriented towards results and public needs. For more information on the activities of the National Audit Office and the results of the public audit, see www.valstybeskontrole.lt.

Audit team: Emilija Jasaitienė (Head of Department), Paulius Bakaitis (Team Leader), Darius Bužinski (till 31/12/2021).

Public Audit Report has been submitted to: the Committee on Audit of the Republic of Lithuania, the Office of the Government of the Republic of Lithuania, and the public establishment "Foundation for Disposal of Good Will Compensation for the Immovable Property of Jewish Religious Communities".

Annex 1. Scope and Methods of the Audit	8

INTRODUCTION

Objective and Scope of the Audit

In accordance with the Law¹, we have carried out the audit of the compliance of the management, use and disposal of State budget funds allocated to the public establishment “Foundation for Disposal of Good Will Compensation for the Immovable Property of Jewish Religious Communities”, and of the State immovable property transferred to the ownership of the Foundation in 2021. The audit has been performed in accordance with the International Standards of Supreme Audit Institutions.

The audit report includes only the matters performed and identified during the audit, and independent opinion on the regularity of the management, use and disposal of the State budget funds and property in 2021 is expressed in the auditor’s report.

The scope and methods of the audit are described in greater detail in Annex “Audit Scope and Methods” (p. 7).

Purpose of the Good Will Foundation

As of 1 December 2011, a law came into force², which sets the amount of monetary compensation payable for the immovable property of the Jewish religious communities in Lithuania at EUR 37.07 million, the term of payment (until 1 March 2023), the procedure, and the purpose of use. Since the Law entered into force, EUR 33.45 million (90.2% of the compensation) has been paid.

According to the Law³, the compensation is paid from the State budget to a fund designated by the Government to dispose of the compensation. Such foundation, designated by the Government⁴, is the Foundation for Disposal of Good Will Compensation for the Immovable Property of Jewish Religious Communities.

The National Audit Office carries out a public audit of the Foundation and submits a public audit opinion and report to the Government by 10 February each year⁵. Where the public audit opinion concludes that the foundation disposes of the compensation funds transferred thereto or uses the immovable property transferred thereto not according to the purpose stipulated in this Law or otherwise infringes the provisions of this Law, the Government of the Republic of Lithuania shall have the right to suspend the payment of the compensation amounts and disposal thereof and take a decision on the appointment of another foundation.

¹ Law on Good Will Compensation for the Immovable Property of Jewish Religious Communities, Article 2(6) .

² Ibid., Article 2(1), Article 2(8) .

³ Ibid., Article 2(2) .

⁴ Government 04/04/2012 Resolution No. 357 on the designation of foundation for disposal of good will compensation for the immovable property of Lithuania’s Jewish religious communities.

⁵ Law on Good Will Compensation for the Immovable Property of Jewish Religious Communities, Article 2(6).

According to the Law⁶, the monetary compensation received by the Foundation can only be used for these purposes:

- to fund the religious, cultural, health care, sports, educational and scientific projects pursued by Lithuanian Jews in Lithuania;
- to support the persons of the Jewish nationality who resided in Lithuania during the Second World War and who suffered from the totalitarian regimes during the occupations (funds used in 2013–2014);
- to cover the costs of administering the Foundation, the annual amount of which may not exceed 10% of the annual share of the monetary compensation approved in the State's each year budget.

Unused monetary compensation funds can be deposited in banks and, as of 26 March 2016, invested, depending on the following criteria: the safety of the invested funds, the liquidity of the funds, the annual return, and the level of commissions or other costs. The interest earned can be used to fund targeted projects and to pay for the Foundation's administration costs.

The Foundation has an internal control system in place to ensure proper use of the compensation. The Foundation's administration carries out an initial assessment of the eligibility of project applications and their compliance with the project applications rules⁷. The Project Selection Committee⁸ carries out a qualitative assessment of project applications and sets recommended funding values for projects. The Board of the Foundation considers and decides on the funding of projects submitted by the Foundation⁹.

As part of its monitoring of projects' implementation, the Foundation's administration analyses the reports submitted by project promoters and assesses the eligibility of projects' costs.

The Seimas approved EUR 3.62 million in the State Budget for 2021¹⁰ for compensation for the immovable property of Lithuania's Jewish religious communities (in the form of appropriations from the Office of the Government). The Office of the Government has transferred these funds to the Foundation in 2021. In 2021, the Foundation paid a total of EUR 1.9 million in compensation to project promoters and incurred administrative costs of EUR 0.21 million (5.8% of the annual share of the monetary compensation). The unused balance of the compensation funds in the bank accounts as of 31/12/2021 amounted to EUR 4.45 million, the invested part of the funds amounted to EUR 13.27 million, and a decision was taken at the Board's meeting on 14/12/2021 to allocate a further EUR 1.42 million of the unused part of the compensation funds to be used for investment. According to the data of 31 December 2021, 39.7% of the total amount of compensation

¹⁰ Law on the Approval of Financial Indicators of the State Budget and Municipal Budgets for 2021.

paid to the Foundation was invested after the funds were allowed to be invested by the Law of 17 March 2016¹¹.

In 2020, the Government¹² transferred to the ownership of the Foundation the state-owned immovable property held in trust by the Department of Cultural Heritage under the Ministry of Culture – religious buildings in Vilnius¹³, as compensation for the immovable property owned by the Jewish religious communities for the religious, cultural, educational and scientific purposes of Lithuanian Jews. The amount of monetary compensation to be paid in 2023 will be reduced by the value of these buildings.

¹¹ Law amending Article 3 of the Law on Good Will Compensation for the Immovable Property of Jewish Religious Communities.

¹² Government Resolution No 849 of 29 July 2020 on the transfer of the State immovable property to the ownership of the public establishment “Foundation for Disposal of Good Will Compensation for the Immovable Property of Jewish Religious Communities”.

¹³ Foundations of the Great Synagogue of Vilnius and the Mikvah building, valued at EUR 1.24 thousand.

AUDIT RESULTS

Compensation is used in accordance with the legislation

1. Having carried out the assessment of the regularity of the management, use and disposal of the State budget funds allocated by the Office of the Government to the public establishment “Foundation for Disposal of Good Will Compensation for the Immovable Property of Jewish Religious Communities”; as well as of the State immovable property transferred to the ownership of the Foundation in 2021, we did not find any material irregularities.
2. In our 2019 audit¹⁴, we made observations on the Foundation’s assessment of project applications and monitoring of project performance and recommended improvements to the legal framework for these processes. During the audited period of 2021, the recommendation for the assessment process was implemented: in the assessment of project applications, in all cases where the Foundation’s Board decided not to grant funding to projects or to grant a lower amount of funding than requested by the applicant, the reasons for the decision were given. In January 2021, the Foundation implemented measures to strengthen the information requirements for project promoters (reporting on acquired funds), which will come into force for projects¹⁵ funding contracts initiated in 2022.
3. In the previous audit, we found that the Foundation used EUR 313.80 thousand of the compensation funds in 2012–2015 for purposes other than those set out in the Law, i.e. to cover administrative costs. The Foundation has committed to recovering these funds (to gain the share of funds earmarked for the funding of projects) from the income of investments and sales from 01/01/2017 to 01/03/2023¹⁶. In 2021, EUR 11.93 thousand has been paid and a total of EUR 82.05 thousand or 26.1% of the funds not used for their intended purpose have been restored by 31 December 2021. On 26/01/2022, the sole shareholder of the Foundation took a decision¹⁷ to set aside EUR 231.75 thousand of the profit from the sale of investments for the funding of targeted projects in 2022, thus restoring the full amount of the remaining funds used for purposes other than those specified in the law. The decision on the use of these funds to finance projects will have to be taken by the Foundation’s Board.

ANNEXES

Public audit report
 “Assessment of Compliance of the
 Management, Use and Disposal of State
 Budget Funds and Property Allocated in
 2021 to the Public Establishment
 “Foundation for Disposal of Good Will
 Compensation for the Immovable Property
 of Jewish Religious Communities””.
 Annex 1

Scope and Methods of the Audit

Objective of the Audit:

- To assess the regularity of management, use and disposal of State budget funds and property allocated in 2021 to the public establishment “Foundation for Disposal of Good Will Compensation for the Immovable Property of Jewish Religious Communities”.

The Audit was performed:

- in accordance with International Standards of Supreme Audit Institutions¹⁸;
- to obtain reasonable assurance that State/Foundation funds and property are managed, used and disposed in compliance with regulations. Absolute assurance is not possible due to the inherent limitations of audit and internal control and the fact that we have not tested all (100%) of the economic transactions, economic events, and concluded contracts.

Scope and Methods of the Audit	
Compensation received and costs incurred in 2021	In 2021, the Foundation received EUR 3.62 million in compensation from the Office of the Government, which the Board decided¹⁹ to allocate as follows: • EUR 1.83 million, or 50.7%, was earmarked to the funding of the projects; • EUR 0.36 million, or 10%, was earmarked to cover administrative costs; • EUR 1.42 million, or 39.3%, was earmarked for investment. Costs incurred in 2021: • EUR 1.9 million was transferred to projects and EUR 2.68 million was recognised as costs (eligible costs recognised by project promoters); • administration costs amounted to EUR 0.21 million; EUR 1.42 million invested in 2021.

¹⁹ 14/12/2021 Minutes of the meeting of the Board of the public establishment “Foundation for Disposal of Good Will Compensation for the Immovable Property of Jewish Religious Communities” and the Board of the public establishment “Foundation for the Lithuanian Jewish Heritage”, No 17 (Question 6).

Scope and Methods of the Audit	
Property disposed by the Foundation in 2021	In 2020, the Government ²⁰ transferred to the ownership of the Foundation the immovable property owned by the Department of Cultural Heritage under the Ministry of Culture and held in trust by the State – religious buildings in Vilnius (the foundations of the Great Synagogue of Vilnius and the Mikvah building), with a value of EUR 1.24 thousand, as the compensation for immovable property owned by Jewish religious communities, for the religious, cultural, educational and scientific purposes of Lithuanian Jews.
Areas where the effectiveness of control procedures has been established (control testing performed)	The test of the Foundation's performance and internal control systems did not reveal any material risks. Performed control tests to ensure internal control (for the selected projects): • Administrative assessment of project applications; • Assessment of the monitoring process of project promoters; • Assessment of the quality of reporting by project promoters.
Areas where substantive audit procedures (tests of details and/or analytical procedures) were performed	The substantive procedures were carried out to assess the regularity of the management, use and disposal of State budget funds and property allocated to the Foundation in 2021: • we assessed the use of funds for the funding of the projects. we selected and examined 10 projects. EUR 1.55 million, or 81.7%, of the total compensation funds transferred to fund projects in 2021 have been assessed; • we assessed the use of the funds to cover administrative costs (68.9% of these costs were examined). Wage costs were assessed; • we assessed whether the choice of investment measure took into account the safety of the invested funds, liquidity, annual return, level of fees or other costs; • we examined whether the balances of the compensation funds as shown in the bank statements (at year-end) were consistent with the balances shown in the accounting records; • we assessed the Foundation's compliance with its contractual obligations to recover funds not used for their intended purpose; • we assessed the validity of the applications rejected in 2021.
Legislation assessed for compliance:	• Law on Good Will Compensation for the Immovable Property of Jewish Religious Communities No. XI-1470 of 21 June 2011 (with subsequent amendments); • Law on the Approval of Financial Indicators of the State Budget and Municipal Budgets for 2021 No XIV-102 of 22 December 2020; • Articles of Association of the public establishment "Foundation for Disposal of Good Will Compensation for the Immovable Property of Jewish Religious Communities", registered in the Register of Legal Entities on 30/12/2015; • Rules for the submission of applications for projects financed by the Good Will Foundation approved by the Sole Shareholder's Decisions (No 1/2017-09-08 of 08/09/2017; No 1/2018-01-22 of 22/01/2018; No 1/2019-08-30 of 30/08/2019; No 1/2020-09-14 of 14/09/2020; and No 1/2021-08-31 of 31/08/2021); • Rules of Procedure of the Project Selection Committee of the public establishment "Good Will Foundation" approved by the Sole Shareholder's Decision No 1/2018-11-27 of 27/11/2018; • Rules of Procedure of the Board of the public establishment "Goodwill Foundation" approved by the Sole Shareholder's Decision No 1/2018-11-27 of 27/11/2018; • Description of the procedures for monitoring, verifying and approving the activities, performance and financial statements of the projects financed by the Foundation for Disposal of Good Will Compensation for the Immovable Property of Jewish Religious Communities has been approved by the Orders of the Director of the public establishment "Foundation for Disposal of Good Will Compensation for the Immovable Property of Jewish Religious
